

# FAIR TRIALS INTERNATIONAL

**Imagine that you are arrested in a foreign country. You don't speak the language, you have no idea of your rights and you are imprisoned far from home.**

Fair Trials International (FTI) is the only charity that helps people in this terrifying predicament.

All too often we encounter people detained for months or years before their trial even starts, who have no idea of the local legal system and no legal aid to pay for a lawyer or interpreter.

FTI believes that everyone has the right to a fair trial wherever they are in the world.

We have helped hundreds of people to defend their right to a fair trial outside their own country and have secured the release of victims of miscarriages of justice across the globe.

**“Without FTI I would not be here now. I would be in jail in France. I wouldn't be able to look after my grandchildren and watch them grow up”.**

*Deborah Dark who, with FTI's support, resisted extradition to France to serve a six year sentence imposed twenty years ago after an unfair trial she knew nothing about.*

**With your support we will continue to fight individual cases of injustice and will campaign for fair trials all over the world.**
